

Colossus

PREMIUM SWIM SPAS

THE WORLD'S GREATEST SWIM SPAS

Riptide[®]

For fitness, relaxation and fun

Superior **depth** and superior **length** for serious swimming and relaxing

Colossus Pools have been designed for when only the best and biggest will do.

The Colossus range by Riptide represents the pinnacle of swim spa development and manufacture with only the best designs, materials and top of the range components.

Riptide is one of the very few companies with the cutting edge tools and equipment required to vacuum form a pool this long and this deep.

Owning an 8m pool means more space for the family to splash, play and swim in. With a length of 8m you can have a dedicated swimmer at the counter current jet end and a group of children at the other without distraction.

The beautiful, elegant lines of your colossus pool will brighten the dulllest day, and at night the colour changing water edge lighting will turn your swim spa into an inviting, warm aquatic exercise and play area.

There are 3 models to choose from:

ATHENA Pro - a super long 8m hybrid exercise pool

ARTEMIS Pro - an 8m combination pool that allows different water temperatures in the hot tub and the pool

APOLLO Pro An amazing and unique combination pool designed in the style of an elegant yacht.

World beating excellence

Colossus pools by Riptide offer a world beating range of superior length exercise pools and swim spas. The range features 3 unique shell designs with an ultra powerful counter current system and indestructible box section galvanised steel frame. Colossus pools are designed for serious swimming in the ultimate pool space, offering great quality and style.

It's all about the counter-currents

Featuring the powerful Turbo jets, Colossus pools produce a powerful, turbulence free counter current to swim against that will challenge even the strongest swimmer.

Great for exercise and fun for the whole family, the Turbo jets generate a massive force of water of up to 2,200 gallons per minute via the fully adjustable, programmable control panel.

A warm, relaxing pool experience

Thermostatically controlled up to 40°C, your pool is ready for you to take a dip and relax anytime you fancy. A fully insulated shell and cover keep the heat in when not in use.

Ready for use, night and day, all year round

You can enjoy swimming at night as Colossus pools feature relaxing, colour changing underwater and bar top LED lighting.

Unlike a conventional pool, Colossus pools are economical to run. They also require very little cleaning as they incorporate a state of the art heating, filtration and sanitising system, keeping the water warm, clean and ready for a dip, anytime you choose.

Pure, crystal clear water

With high performance pumps, a corona discharge ozone system and a skimmer filtration system, you can always be sure of a clean and safe pool experience in a Colossus Pool.

Quality components, quality made, with an 8 year limited warranty

Colossus pools are constructed using the finest hardware and materials with a quality Japanese made variable speed drive coupled with US made Aristech acrylic shells and Canadian Gecko electronics. There is up to 100mm of full foam insulation for maximum insulation throughout our pools and all components fit snugly inside a sturdy box section galvanised steel frame with stainless steel fixings.

Riptide Pools are designed to last, but for total peace of mind all our pools carry a 8 year limited warranty.

No huge electricity bills

With superior 2lb closed cell foam insulation up to 100mm in depth completely surrounding the shell, plus a fully insulated cover and an airtight heat lock cabinet, Riptide pools are extremely economical to run.

Customer care

At Riptide we pride ourselves on producing world class products and delivering a first class after sales service with unbeatable customer care. We want you to enjoy your pool with the knowledge that you have the support from a company that truly cares about your needs. Our pools are delivered and installed by highly trained teams with a full on-board parts facility with dedicated technicians ensuring a prompt and efficient after-sales service.

Athena Pro HYBRID POOL

The Athena Pro pool has the stunning, sleek lines of a thoroughbred.

An incredible 8m long, 1.5m deep and 2.25m wide, the Athena is an engineering triumph.

The four powerful Turbo jets are controlled by a 10 speed variable speed drive, allowing you to adjust the turbulence free counter current to match different swim styles and swimmer abilities.

The superior length of the Athena, together with the tiled swim line on the pool floor allows you to fully relax and concentrate on your stroke without the worry of bumping into the pool sides.

Take a deserved rest between workouts in one of the adjustable, fully jetted lounger seats well away from the counter currents.

ATHENA SPECIFICATIONS

DIMENSIONS	8m x 2.25m x 1.54m	
SEATING	2 jetted cool down seats	
WATER CAPACITY	11,890 litres

Artemis Pro COMBINATION POOL

The Artemis Pro combination pool allows each section of the pool to operate at a different temperature.

For swimming in the pool end, adjust the water temperature so as not to overheat during exercise. On the other side of the thermal wall the fully featured hot tub can be run at a much higher temperature to enable your body to relax, benefiting your circulation and tired muscles.

The pool end is fitted with an ultra powerful 4 turbo jet system with a variable speed drive. Adjust the water speed to match different swim styles and swimmer abilities.

The hot tub end of the Artemis features 56 adjustable hydrotherapy jets across three seats and two full length loungers.

ARTEMIS SPECIFICATIONS

Apollo Pro COMBINATION POOL

The Apollo Pro is the most prestigious combination pool in the Colossus range and is unique as the worlds only swim spa in the graceful style of a 30ft yacht.

The Apollo is designed to allow the hot tub and pool to be set at different temperatures. For swimming you need cooler water to avoid over heating during exercise. Located at the stern of the Apollo, the hot tub can be run at a much higher temperature to aid circulation and soothe tight, tired muscles.

The pool end features Riptide's powerful four turbo jet system with a 10 speed variable speed drive. Adjust the water speed to match different swim styles and swimmer abilities.

For total relaxation, the Apollo's fully featured hot tub has an array of adjustable hydro-massage jets across two seats and two full length loungers.

Elegant ship-style steps lead you up into the large, wide exercise pool for competitive swimming and family fun.

APOLLO SPECIFICATIONS

DIMENSIONS	9m x 2.25m x 2.02m	 x 5
SEATING	2 seats, 2 loungers

LIMITED WARRANTY

8 Year Structural and 5 Year Surface Warranty

Riptide warrants the galvanised steel sub frame not to crack or fracture for a period of eight years from delivery date. Additionally, the Aristech surface material of the Riptide Swim Spa is warranted not to peel, crack, wrinkle, blister, yellow, efface or delaminate for a period of five years from the swim spa's delivery date. The Aristech surfaces are non-permeable and will not absorb odours, bacteria or pollutants.

1 Year Trim (Tile) and Cover Warranty

Riptide warrants the cosmetic trim and swim spa cover to be free from defects in materials and workmanship for a period of one year from the swim spa's delivery date.

2 Year LED Light Warranty

Riptide warrants the LED lighting chains and bulbs to be free from defects of materials and workmanship for two years.

5 Year Gecko Hi Flow Heater Warranty

Riptide warrants the Gecko Hi Flow heater against fault in manufacture or faulty workmanship.

5 Year No Leak Warranty

Riptide warrants your swim spa not to leak for a period of five years from its delivery date. This warranty specifically covers leaks from the wall fittings, jet fittings, internal plumbing, internal glue joints, freeze drains and all bonded parts including the filter chamber and light fittings.

5 Year UV Resistant Synthetic Wood Cabinet Warranty

Riptide warrants the UV resistant synthetic wood cabinet material not to peel, crack, wrinkle, blister or delaminate and to be free from defects in workmanship for a period of five years from the swim spa's delivery date. This warranty specifically covers the cabinet's structural integrity, including all glue & integral bonded joints.

5 Year Component Warranty

Riptide warrants the electrical components, pumps, ozone generators, and other Riptide Swim Spa components against malfunction or defects in workmanship for a period of five years from its delivery date. Filter cartridges, swim spa pillows and cover locks are not included in this warranty, but are warranted to be free from defects in materials or workmanship at the time of delivery to the original consumer purchaser.

1 Year Corona Discharge Warranty

Riptide warrants the Corona Discharge against malfunction or defects in workmanship for one year from the spa's delivery date.

No-Nonsense Warranty Riptide will make no call-out or labour charges or ask for part payment of parts for the entire warranty period, provided that your swim spa has had an annual service within the last 12 months to validate the warranty.

World class product, first class service

Riptide prides itself on producing world class products, delivering a first class after sales service and unbeatable customer care. We want you to enjoy your pool with the knowledge that you have the support from a company that truly cares about its customers.

Built to last a lifetime

Every Riptide pool features a superior Aristech acrylic shell with closed cell 2lb foam for insulation. All components fit snugly inside a galvanised frame with stainless steel cabinet fixings. Our pools have some of the highest specifications of any swim spas in the world!

Choice

With a choice of 18 great models we have the fitness pool to suit you and your lifestyle. As part of our service, our dealerships provide test-soak facilities at their showrooms, so you can try our swim spas before you buy.

Customer care

Riptide Pools are delivered and installed by highly trained teams with a full range of parts and accessories available on-board. Dedicated technicians ensure superb after-sales service.
